

GASLINE

NOVEMBER 2019 EDITION

Welcome to the Gasline Newsletter

Published monthly by LPG and Gas Associations of New Zealand

Gasline is published regularly as part of the industry's efforts to encourage the direct use of natural gas and LPG into households and small businesses.

Using natural gas and LPG as a direct energy source offers numerous cost, environmental and energy efficiency benefits. Gas New Zealand hopes to educate consumers and policy makers about the many advantages of making wider use of this strategic energy asset.

IN THIS ISSUE

[Energy Minister: "exciting opportunity for the gas industry"](#)

[Decarbonising UK energy usage: how feasible is it?](#)

[GasNZ Forum: challenges and opportunities for gas in 2020](#)

[GasNZ Forum: achieving a green, affordable energy future](#)

[GasNZ Forum: the role gas will have after 2030](#)

Energy Minister: "exciting opportunity for the gas industry"

"As we reckon with our global confrontation with climate change, it is clear the old ways of running our economy and paying our way in the world will need to change."
