

CERTIFICATES OF COMPETENCE BY ISKILLS

The Gas Association of New Zealand are proud to announce our new partnership with iskills. This partnership will strengthen our commitment to safety and wellbeing by providing contractors working in the gas distribution industry access to an online compliance and safety system, designed to manage and monitor compliance anywhere, anytime.

ABOUT ISKILLS

isksills are leaders in competency management. We deliver an independent competency verification service to ensure contractor and subcontractor employees meet the requirements of competency standards to enable site access and authority to carry out works.

Key Features

- Online competency database - accessed via user login
- Competency card with QR code - only needs replacing when lost or damaged
- Mobile App - gives you fast and complete view of your workforce
- Audit staff by using the mobile app

Cost

\$75 for new/renewal
\$30 replacement card
GST exc

How to Apply

- Send through your application form to gascertificate@isksills.co.nz
- Attach required evidence
- After application is received an email notification will be sent to the individual worker with a user ID and login for the mobile app
- A user ID and login will be sent to the key company contact to access the onsite web portal and mobile app
